

METROPOLITAN WASHINGTON AIRPORTS AUTHORITY

Indirect Cost Audits for Metrorail Contractors and Subcontractors

Indirect Cost Audits

- **The Office of Audit reviewed seven indirect cost rate reports for contractors and subcontractors performing project management support services for the Dulles Metrorail Project.**
- **The objectives of the reviews were to establish reasonable provisional indirect cost rates in compliance with the contract provision and the Federal Acquisition Regulation Part 31.**
- **Provisional rates were established for the seven companies. Management concurred and will use the rates going forward.**
