03 PROCUREMENT PROCESS – TWO-STEP IFB

The Airports Authority is using a two-step Invitation for Bids procurement process to award this contract. The first step of the procurement process is evaluation of the technical proposals by the Airports Authority based on evaluation criteria that are listed in Section X – Attachment 02, Proposal Submission and Evaluation Criteria. Only Offerors who submitted acceptable technical proposals from step one will be invited to submit priced bids in step two.

04 PUBLIC BID OPENING

- A. Bids will be publicly opened at the time set forth per Amendment
- B. The total prices of each bid will be made public for the information of bidders and others interested, who may be present either in person or by representative.

05 BIDDER'S QUALIFICATIONS

Bids will be considered only from responsible individuals, partnerships, joint ventures, corporations or other private organizations demonstrating that they have the ability, experience and demonstrated resources to complete work in a timely manner and maintain a staff of regular employees adequate to ensure continuous performance of the work. Labor relations measured by standards of compensation, promptness in meeting obligations, and frequency of personnel changes, among other things, will be considered in determining whether a bidder has an established operating organization.

06 PRE-AWARD SURVEY

- A. The Authority reserves the right to perform or to have performed, an on-site survey of the bidder's facilities or previous work products and to investigate its other capabilities. This survey will serve to verify the data and representations submitted, and to determine that the bidder has overall capability adequate to meet the contract requirements.

Accordingly, the apparent lowest responsive bidder shall furnish the following when requested by the Contracting Officer:

- 1. A completed and signed Pre-Award Evaluation Data form, including, but not limited to, the following:
 - a. A statement of the Bidder's experience record.
 - b. The type of concerns for which the Bidder conducts business.

- c. A list of contracts, if any, on which failure to complete within the specified time resulted in the assessment of liquidated damages.
- d. List of the equipment to be used to perform the contract work.

- f. List of work to be subcontracted.
- g. Qualifications and experience of key project individuals.

The low bidder will be required to demonstrate its ability to perform services contained in the solicitation, in a timely manner, to the complete satisfaction of the Authority. If the low bidder fails to meet this requirement, the Authority may reject the bidder as non-responsible. If the low bidder is eliminated, then the second lowest bidder will be required to demonstrate its ability to perform services as described herein. This process will continue to the next lowest bidder until a bidder successfully meets the specification requirements.

2. Financial Statements

Complete financial statements for the last two years, including Statement of Financial Position (Balance Sheet), Results of Operations (Income Statement), Statement of Changes in Financial Position (Net Change in Resources) and Statement of Current and Retained Earnings. These statements shall be certified and shall include disclosure of all facts which could impair or affect the statements presented.

3. Local Disadvantaged Business Enterprise data as set forth in Section IX. Note: The submittal of certain LDBE Exhibits, as listed in Solicitation Provision 19, are required to be submitted with the bid. Failure to submit these Exhibits may cause the bid to be found unacceptable and subsequently rejected.

- B. Doubt as to technical ability, productive capability, "good faith effort - LDBE," and financial strength which cannot be resolved affirmatively may result in a determination of non-responsibility by the Contracting Officer.

07 ACKNOWLEDGMENT OF AMENDMENTS TO SOLICITATION

Offerors shall acknowledge receipt of any amendment to this solicitation (a) by signing and returning the amendment; (b) by identifying the amendment number and date in the space provided for this purpose on the Solicitation Offer and Award form; or (c) by letter or facsimile. The Authority must receive the acknowledgment by the time specified for receipt of offers.

08 CONTRACT AWARD

- A. As discussed further herein, the Authority will evaluate Price Proposals from Offerors with acceptable Technical Proposals and award the contract to the responsive and responsible Offeror that demonstrates compliance with the technical requirements and offers the lowest price in accordance with this IFB.
- B. The Authority may award a contract resulting from this solicitation to the responsible bidder whose bid, conforming to the solicitation, will be most advantageous to the Authority, cost or price and other factors specified elsewhere in this solicitation, considered.

- C. The Authority may (1) reject any or all bids if such action is in the Authority's best interest, (2) accept other than the lowest bid only if there is a reason (i.e. the lowest bid is rejected), and/or (3) waive informalities and minor irregularities in bids received.
- D. The Authority may reject any bid that fails to conform to essential requirements of the IFB. Additionally, the Authority may reject a bid as non-responsive if the prices bid are materially unbalanced between line items or sub-line items. A bid is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work, and if there is a reasonable doubt that the bid will result in the lowest overall cost to the Authority even though it may be the low evaluated bid, or it is so unbalanced as to be tantamount to allowing an advance payment.
- E. Prompt payment discounts may be offered, however, the Authority will evaluate the cost of the offer without the offeror's prompt payment discount.
- F. In evaluation and consideration of this procurement, the Authority, when deemed in its best interest, reserves the right to make multiple and/or split awards.
- G. The Authority may accept any item or group of items of a bid, unless the bidder qualifies the bid by specific limitations. Unless otherwise provided in the Price Schedule, bids may not be submitted for quantities less than those specified. The Authority reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit cost or prices offered, unless the bidder specifies otherwise in the bid.
- H. A written award or acceptance of bid mailed or otherwise furnished to the successful bidder within the time for acceptance specified in the bid shall result in a binding contract without further action by either party. Before the bidder's specified expiration time, the Authority may accept a bid (or part of a bid, as provided in paragraph D. above), unless a written notice of withdrawal is received before award.
- I. Neither financial data submitted with a bid, nor representations concerning facilities for financing, will form a part of the resulting contract. However, if the resulting contract contains a provision providing for price reduction for defective cost or pricing data, the contract price will be subject to reduction if cost or pricing data furnished is incomplete, inaccurate, or not current.

09 EXPLANATION TO PROSPECTIVE OFFERORS

Any prospective offeror desiring an explanation or interpretation of the solicitation, drawings, specifications, etc., must request it in writing soon enough to allow a written reply to reach all prospective offerors before the submission of their offers. Oral explanations or instructions given before the receipt of offers will not be binding. Any information given to a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an amendment of the solicitation if that information is necessary in submitting offers or if the lack of it would be prejudicial to any other prospective offerors.

10 PREPARATION OF OFFERS

- A. Offers must be (1) submitted on the forms furnished by the Authority or on copies of those forms, and (2) manually signed. The person signing an offer must initial each erasure or change appearing on any offer form.
- B. The offer form may require offerors to submit offer prices for one or more items on various bases, including--

1. Base price offer;
 2. Alternate prices;
 3. Units of work; or
 4. Any combination of subparagraphs B.1. through B.3 of this provision.
- C. Unless otherwise specified on the Price Schedule, the solicitation requires that offers on all items be reasonable and customary based on industry standards. The Authority has the sole discretion to determine whether the offer is reasonable and customary on all items and failure to do so may disqualify the offer.
- D. Alternate offers will not be considered unless this solicitation authorizes their submission.
- E. This solicitation precludes the submission of exceptions, conditions, qualifications, or exclusions as part of the bid or proposal. The offeror must respond to the solicitation as presented by the Authority without alteration or exception, unless otherwise allowed elsewhere in the solicitation.
- F. As applicable, for unit priced contracts, offerors shall (1) show the unit price/cost, including, unless otherwise specified, packaging, packing, and preservation and (2) enter the extended price/cost for the quantity of each item offered in the "Amount" column of the Price Schedule. In case of discrepancy between a unit price/cost and an extended price/cost, the unit price/cost will be presumed to be correct, subject, however, to correction to the same extent and in the same manner as any other mistake.

11 SUBMISSION OF BIDS

- A. Bids shall be submitted in sealed envelopes or packages showing the name and address of the bidder, the solicitation number, and the time specified for receipt. Envelopes or packages should be addressed and delivered before the published date and time of bid opening to the following location:

 2. Was sent by overnight express delivery service (i.e. FedEx, UPS, U.S. Postal Service Express Mail, or other similar guaranteed delivery service) not later than 5:00 p.m. at the place of mailing

two working days prior to the date specified for receipt of bids. The term "working days" excludes weekends and U.S. Federal holidays; or

 4. Is the only bid received.
- B. Any modification or withdrawal of a bid is subject to the same conditions as in paragraph A.1. through 4. above.
- C. The only acceptable evidence to establish the date of mailing of a late bid, modification, or withdrawal sent either by registered or certified mail is the U.S. or Canadian Postal Service postmark on the wrapper or on the original receipt from the U.S. or Canadian Postal Service. If neither postmark shows a legible date, the bid, modification, or withdrawal shall be processed as if mailed late. "Postmark" means a printed, stamped, or otherwise placed impression (exclusive of a postage meter machine impression) that is readily identifiable without further action as having been supplied and affixed by employees of the U.S. or Canadian Postal Service on the date of mailing. Therefore, bidders should request the postal clerks to place a hand cancellation bull's-eye postmark on both the receipt and the envelope or wrapper.
- D. The only acceptable evidence to establish the time of receipt at the Authority installation is the time/date stamp of that installation on the bid wrapper or other documentary evidence of receipt maintained by the installation.

The only acceptable evidence to establish the date of mailing of a late bid, modification, or withdrawal sent by U.S. Postal Service Express Mail Next Day Service-Post Office to Addressee is the date entered by the post office receiving clerk on the "Express Mail Next Day Service-Post Office to Addressee" label and the postmark on the envelope or wrapper and on the original receipt from the U.S. Postal Service.
- F. Notwithstanding paragraph A. above, a late modification of an otherwise successful bid that makes its terms more favorable to the Authority will be considered at any time it is received and may be accepted.
- G. Bids may be withdrawn in person by a bidder or its authorized representative if, before the exact time set for receipt of bids, the identity of the person requesting withdrawal is established and that person signs a receipt for the bid.

If, however, a contract is awarded to this offeror as a result of-or in connection with-the submission of this data, the Authority shall have the right to duplicate, use or disclose the data to the extent provided in the resulting contract. 18 DISPUTES

A. General

This contract provision sets forth the Authority's disputes procedures for disputes under remedy-granting contract provisions and non-material breaches of contract. It applies to all disputes except disputes based upon a material breach of contract.

It is the Authority's policy to encourage resolution of disputes by mutual agreement between the Contracting Officer and the Contractor. Consistent with this intent, the Authority requires, as a condition precedent to the initiation of litigation, the exhaustion of the administrative disputes procedure described in this contract provision. If the dispute is not resolved by the administrative disputes procedure, the contractor may proceed to court litigation in accordance with the agreements contained in this contract.

B. Waiver of Jury Trial

To the fullest extent permitted by law, the Contractor and the Authority hereby waive their respective rights to a trial by jury on any dispute or claim or cause of action upon, arising under, arising out of or related to, the contract. In addition, the Contractor and the Authority hereby waive their respective rights to trial by jury in any other proceeding or litigation of any type brought by any of the contracting parties against the other party whether with respect to contract claims or actions, tort claims, or otherwise. Without limiting the foregoing, the Authority and the Contractor further agree that their respective rights to a trial by jury are waived as to any action, counterclaim, or other proceeding that seeks, in whole or in part, to challenge the validity or enforceability of the contract. This waiver of jury trial shall also apply to any subsequent amendments, modifications, renewals or supplements to the contract.

C. Performance Pending Dispute

The contractor shall proceed diligently with performance of the contract's requirements, including the disputed portions, pending resolution of any dispute.

D. Steps of Administrative Disputes Procedure

1. Claim Submission

The Contractor shall submit a written claim signed and certified as true and accurate and that it is made in good faith based upon supporting facts and cost and pricing data that are current, accurate and complete as of date of submission and date of any agreement; the claim and certifications shall be made by a duly authorized officer of the Contractor. The claim at a minimum shall include a) the basis of liability; b) basis of request for additional compensation,

time extension request or other relief requested; c) a narrative that fully explains the basis for liability; d) the claim must state that it is made in good faith, that the supporting facts and cost and pricing data are current, accurate and complete as of the date of certification, and the amount of additional compensation, time of performance, or other relief requested reasonably and accurately reflect the added cost, added time of performance, and other damage the Contractor reasonably believes it has incurred; and e) the claim must include or specifically reference all actual cost accounting records, actual schedule data, as-built data, or other data or facts that relate to any aspect of the Contractor's claim.

2. Prohibited Claim Formats

Monetary claims based on anticipatory profits are prohibited. Monetary claims requests based on a total cost approach are prohibited. Time extension requests or claims on a total time approach are prohibited.

E. Claims Review and Disposition

1. Contracting Officer Discussions

Discussions between the Contracting Officer and the Contractor concerning the claim presented shall occur within a reasonable period of time after submission of the certified claim and receipt by the Contracting Officer of sufficient information, including, but not limited to, information resulting from an audit, if deemed necessary. Discussions shall be conducted in good faith for the resolution of the dispute, including the exchange of relevant information. If requested by the Contracting Officer, the COTR shall provide the Contracting Officer with a written response to the claim that references the applicable provisions of the statement of work, contract requirements, and applicable contract provisions and may include a specific request that the COTR obtain additional information or audit access, or both. The Contractor shall provide such additional information or audit access and failure to promptly provide such information or access shall be a bar to the claim.

2. Alternative Dispute Resolution (ADR)

Non-binding evaluative mediation is established as the ADR for this contract. The parties agree that the following procedures shall apply:

- a. Selection of the neutral mediator shall be as made by the parties; a neutral means an individual who is trained or experienced in conducting dispute resolution proceedings and in providing dispute resolution services related to significant construction contracts.
- b. All statements made as a part of the proceeding and all memoranda, work products or other materials made during the course of the mediation are deemed confidential and are to be treated in accordance with Virginia Code Section 8.01-576.10; in addition, the statements and any written materials are considered privileged settlement discussions, are not party admissions, and are made without prejudice to any party's legal position, if mediation does not result in an agreement.
- c. Materials prepared for the mediation are not subject to disclosure in any other judicial or administrative proceeding.
- d. Informal discovery is permissible in the form of production or inspection of certain categories of documents.

e. The parties agree to split evenly the costs of the mediator and any incidental costs associated with holding the mediation.

3. Impasse and Litigation

If the ADR procedure does not result in an agreement, an impasse can be declared.

4. Contracting Officer's Final Decision

Upon the declaration of an impasse, the Contractor shall request a written final decision by the Contracting Officer. The Contracting Officer shall issue a final decision within sixty (60) calendar days from receipt of the request and adequate documentation unless the dispute is determined to be complex in nature. The final decision of the Contracting Officer shall be final and conclusive unless within thirty (30) calendar days from receipt of the Contracting Officer's final decision, the Contractor mails or otherwise furnishes a written notice of appeal to the Manager, Procurement and Contracts Department.

5. Litigation

Following the completion of the administrative disputes resolution process without an agreement as indicated by the timely receipt of a notice of appeal, the dispute may be resolved by litigation without a jury before a court of competent jurisdiction within the Commonwealth of Virginia.

F. Remedies for inappropriate claims

The following remedies are provided for the Authority's use in the event the Contractor submits reckless or frivolous claims or false, misleading, or material misrepresentations relating to claims.

1. Remedies for Reckless or Frivolous Claims

In the event that the Contractor makes a claim against the Authority and the Contractor's claim, as certified by an officer of the contractor, is a) found by a court to be based on any reckless statement contained in the certification of the claim or b) is found by a court to be of frivolous nature or materially overstated in amount, then the Contractor shall be liable to the Authority and shall pay to it a percentage of costs incurred by the Authority in investigating, analyzing, negotiating, mediating and litigating (including attorneys' fees) the frivolous or overstated claim. The percentage of costs referenced shall be equal to the percentage of the contractor's total claim which is determined through litigation to be the result of a reckless statement or frivolous claim. "Frivolous" shall mean having no basis in law or in fact. This remedy is a contractual remedy and does not otherwise affect the other rights of the Authority in law or in equity.

2. Remedies for False or Misleading Statements or Material Misrepresentation

Any claim by the Contractor that is based on false or reckless statements that mislead the Authority or material misrepresentations shall entitle the Airports Authority to a full recovery of all costs incurred by the Authority in investigating, analyzing, negotiating, mediating and litigating (including attorneys' fees) the claim. This remedy is a contractual remedy and does not otherwise affect the other rights of the Authority in law or in equity.

19 TERMINATION FOR CONVENIENCE OF THE AUTHORITY

- A. The Authority may terminate performance of work under this contract in whole or, from time to time, in part if the Contracting Officer determines that a termination is in the Authority's interest. The Contracting Officer shall terminate by delivering to the Contractor a Notice of Termination specifying the extent of termination and the effective date.
- B. After receipt of a Notice of Termination, and except as directed by the Contracting Officer, the Contractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this clause;
1. Stop work as specified in this notice.
 2. Place no further subcontracts or orders (referred to as subcontracts in this clause) for materials, services, or facilities, except as necessary to complete the continued portion of the contract.
 3. Terminate all subcontracts to the extent they relate to the work terminated.
 4. Assign to the Authority, as directed by the Contracting Officer, all right, title, and interest of the Contractor under the subcontracts terminated, in which case the Authority shall have the right to settle or to pay any termination settlement proposal arising out of those terminations.
 5. With approval or ratification to the extent required by the Contracting Officer, settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts; the approval or ratification will be final for purposes of this clause.
 6. As directed by the Contracting Officer, transfer title and deliver to the Authority (i) the fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated, and (ii) the completed or partially completed plans, drawings, information, and other property that, if the contract had been completed, would be required to be furnished to the Authority.
 7. Complete performance of the work not terminated.
 8. Take any action that may be necessary, or that the Contracting Officer may direct, for the protection and preservation of the property related to this contract that is in the possession of the Contractor and in which the Authority has or may acquire an interest.
 9. As directed or authorized by the Contracting Officer, use its best efforts to sell and/or return at the Authority's expense to manufacturers, suppliers, or distributors for full credit less any applicable restocking charges, any property of the types referred to in subparagraph 6. above; provided, however, that the Contractor (i) is not required to extend credit to any purchaser and (ii) may acquire the property under the conditions prescribed by, and at prices approved by, the Contracting Officer. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by the Authority under this contract, credited to the price or cost of the work, or paid in any other manner directed by the Contracting Officer.
- C. After termination, the Contractor shall submit a final termination settlement proposal to the Contracting Officer in the form and with the certification prescribed by the Contracting Officer. The Contractor shall submit the proposal promptly, but no later than one year from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this one-year period. However, if the Contracting Officer determines that the facts justify it, a termination

settlement proposal may be received and acted on after one year of any extension. If the Contractor fails to submit the proposal within the time allowed, the Contracting Officer may determine, on the basis of information available, the amount, if any, due the Contractor because of the termination and shall pay the amount determined.

- D. Subject to paragraph C. above, the Contractor and the Contracting Officer may agree upon the whole or any part of the amount to be paid because of the termination. The amount may include a reasonable allowance for profit on work done. However, the agreed amount, whether under this paragraph D. or paragraph E. below, exclusive of costs shown in subparagraph E.3. below, may not exceed the total contract price as reduced by A. the amount of payments previously made and (B) the contract price of work not terminated. The contract shall be modified, and the Contractor paid the agreed amount. Paragraph E. below shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.
- E. If the Contractor and the Contracting Officer fail to agree on the whole amount to be paid because of the termination of work, the Contracting Officer shall pay the Contractor the amounts determined by the Contracting Officer as follows, but without duplication of any amounts agreed on under paragraph D. above:
1. The Contract price for completed supplies or services accepted by the Authority (or sold or acquired under subparagraph B.9. above) not previously paid for, adjusted for any saving of freight and other charges.
 2. The total of -
 - a. The costs incurred in the performance of the work terminated, including initial costs and preparatory expense allocable thereto, but excluding any costs attributable to supplies or services paid or to be paid under subparagraph E.1. above;
 - b. The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract if not included in subdivision a. above; and
 - c. A sum, as profit on subdivision a. above, determined by the Contracting Officer in effect on the date of this contract, to be fair and reasonable; however, if it appears that the Contractor would have sustained a loss on the entire contract had it been completed, the Contracting Officer shall allow no profit under this subdivision c. and shall reduce the settlement to reflect the indicated rate of loss.
 3. The reasonable costs of settlement of the work terminated, including -
 - a. Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;
 - b. The termination and settlement of subcontracts (excluding the amounts of such settlements); and
 - c. Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.
- F. Except for normal spoilage, and except to the extent that the Authority expressly assumed the risk of loss, the Contracting Officer shall exclude from the amounts payable to the Contractor under paragraph

- E. above, the fair value, as determined by the Contracting Officer, of property that is destroyed, lost, stolen, or damaged so as to become undeliverable to the Authority or to a buyer.
- G. The Contractor shall have the right of appeal, under the Disputes clause, from any determination made by the Contracting Officer under paragraphs C., E., or I., except that, if the Contractor failed to submit the termination settlement proposal within the time provided in paragraphs C. or I., and failed to request a time extension, there is no right of appeal. If the Contracting Officer has made a determination of the amount due under paragraphs C., E., or I., the Authority shall pay the Contractor (1) the amount determined by the Contracting Officer, if there is no right of appeal or if no timely appeal has been taken, or (2) the amount finally determined on an appeal.
- H. In arriving at the amount due the Contractor under this clause, there shall be deducted -
1. All unliquidated advance or other payments to the Contractor under the terminated portion of this contract;
 2. Any claim which the Authority has against the Contractor under this contract; and
 3. The agreed price for, or the proceeds of, sale of materials, supplies or other things sold or sold under the provisions of Paragraph B.9 of this clause and not recovered by or credited to the Authority.
 4. The amount credited to the Contractor for materials, supplies or other things that are returned to the manufacturers, suppliers or distributors in accordance with Paragraph B.9 of this clause and not recovered by or credited to the Authority.
- I. If the termination is partial, the Contractor may file a proposal with the Contracting Officer for an equitable adjustment of the price(s) of the continued portion of the contract. The Contracting Officer shall make any equitable adjustment agreed upon. Any proposal by the Contractor for an equitable adjustment under this clause shall be requested within 90 days from the effective date of termination, unless extended in writing by the Contracting Officer.
- J.
1. The Authority may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Contractor for the terminated portion of the contract, if the Contracting Officer believes that the total of these payments will not exceed the amount to which the Contractor will be entitled.
 2. If the total payments exceed the amount finally determined to be due, the Contractor shall repay the excess to the Authority upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C. App. 1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by the Contractor to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in the Contractor's termination settlement proposal because of retention or other disposition of termination inventory until ten (10) days after the date of the retention or disposition, or a later date determined by the Contracting Officer because of the circumstances.
- K. Unless otherwise provided in this contract or by statute, the Contractor shall maintain all records and documents relating to the terminated portion of this contract for three years after final settlement. This includes all books and other evidence bearing on the Contractor's costs and expenses under this contract. The Contractor shall make these records and documents available to the Authority, at the Contractor's office, at all reasonable times, without any direct charge. If approved by the Contracting

Officer, photographs, microphotographs, or other authentic reproductions may be maintained instead of original records and documents.

20 DEFAULT

- A. If the Contractor: 1) fails to comply with the terms of this contract; 2) refuses or fails to prosecute the work, or any separable part, with the diligence that will insure its completion within the time specified in this contract including any extension; or 3) fails to complete the work within this time, the Authority may, by written notice to the Contractor, terminate the right to proceed with the work (or the separable part of the work) that has been delayed. In this event, the Authority may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plants on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to the Authority resulting from the Contractor's refusal or failure to comply with the contract or to complete the work within the specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the Authority in completing the work.
- B. The Contractor's right to proceed shall not be terminated nor shall the Contractor be charged with damages under this clause, if:
1. The delay in completing the work or failure to comply with contract terms arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (i) acts of God or of the public enemy, (ii) acts of the Authority in either its sovereign or contractual capacity, (iii) acts of another contractor in the performance of a contract with the Authority, (iv) fires, (v) floods, (vi) epidemics, (vii) quarantine restrictions, (viii) strikes, (ix) freight embargoes, (x) unusually severe weather, or (xi) delays of subcontractors or suppliers at any tier arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and the subcontractors or suppliers, and
 2. The Contractor, within ten (10) days from the beginning of any delay (unless extended by the Contracting Officer), notifies the Contracting Officer in writing of the causes of delay or failure to comply with contract terms. The Contracting Officer shall ascertain the facts and the extent of delay. If, in the judgment of the Contracting Officer, the findings of fact warrant such action, the time for completing the work shall be extended.
- C. If, after termination of the Contractor's right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of the Authority.
- D. The rights and remedies of the Authority in this clause are in addition to any other rights and remedies provided by law or under this contract.

21 INTERPRETATION OR MODIFICATION

Except as otherwise provided in this contract, no oral statement of any person and no written statement of anyone other than the Contracting Officer, shall modify or otherwise affect the terms or meaning of the contract or specifications. All requests for interpretation or modifications shall be made in writing to the Contracting Officer.

22 RESERVED**23 RESERVED****24 INDEMNIFICATION**

- A. To the fullest extent permitted by law, the Contractor shall hold harmless and indemnify the Authority, the Authority's employees, and the Authority's agents, contractors, subcontractors, and consultants, and agents and employees of any of them, from and against all claims, suits, damages, losses, expenses, and attorneys' fees, arising out of or resulting from performance of the Work, provided that such claim, suit, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury or damage to or destruction of tangible property (other than the Work itself) including loss of use resulting therefrom, but only to the extent caused by negligent acts or omissions of the Contractor, or any of its subcontractors, their agents or anyone directly or indirectly employed by them, regardless of whether or not such claim, damage, loss or expense is caused in part by a party indemnified hereunder.
- B. In claims against any person or entity indemnified under this provision by an employee of the Contractor, a subcontractor, an employee of a subcontractor, or an agent of the Contractor or a subcontractor, the indemnification obligation under this provision shall not be limited by a limitation on amount or type of damages, compensation or benefits payable by or for the Contractor or a subcontractor under workers' or workmen's compensation acts, disability benefit acts or other employee benefit acts.

25 LICENSES AND PERMITS

The Contractor shall, without additional expense to the Authority, be responsible for obtaining any necessary licenses and permits, and for complying with any applicable Federal, State, and Municipal laws, codes and regulations, in connection with the prosecution of the work.

26 SUPERVISION

The Contractor shall arrange for satisfactory supervision of the contract work. The Contractor or its supervisors shall be available at all times, when the Contractor work is in progress. It is the Authority's policy that the Authority will not supervise the Contractor's employees, directly or indirectly.

27 KEY PERSONNEL

The key personnel specified in the Contractor's proposal are considered to be essential to the work being performed hereunder. Prior to diverting any of the specified individuals to other programs, the Contractor shall notify the Contracting Officer reasonably in advance and shall submit justification, including proposed substitutions, in sufficient detail to permit evaluation of the impact on the program. No diversion of key personnel shall be made by the Contractor without the written consent of the Contracting Officer. The listing of key personnel may be amended from time to time during the course of the contract to either add or delete personnel or positions, as appropriate, subject to prior approval of the Contracting Officer.

The Contractor shall require in each subcontract a provision that requires the subcontractor to advise the Contractor promptly of any significant changes in the organization of such subcontractor, and the Contractor shall promptly advise the Contracting Officer of any such changes reported to the Contractor or otherwise discovered by the Contractor.

28 CONTRACTING OFFICER'S TECHNICAL REPRESENTATIVE (COTR) AUTHORITY

The Contracting Officer may designate Authority personnel to act as his or her authorized representatives for one or more contract administration functions not involving a change in the scope, price, terms, or conditions of the contract. Such designation will be in writing, set forth by a separate letter signed by the Contracting Officer, and will contain specific instructions as to the extent to which the representative may take action for the Contracting Officer. Such designation will not contain authority to sign contractual documents, nor authorize the designee to order contract changes, modify contract terms, or create any liability on the part of the Authority.

29 RESERVED**30 NOTICE AND ASSISTANCE REGARDING PATENT AND COPYRIGHT INFRINGEMENT**

- A. The Contractor shall report to the Contracting Officer, promptly and in reasonable written detail, each notice or claim of patent or copyright infringement based on the performance of this contract of which the Contractor has knowledge.
- B. In the event of any claim or suit against the Authority, on account of any alleged patent or copyright infringement arising out of the performance of this contract or out of the use of any supplies furnished or work or services performed hereunder, the Contractor shall furnish to the Authority, when requested by the Contracting Officer, all evidence and information in possession of the Contractor pertaining to such suit or claim. Such evidence and information shall be furnished at the expense of the Authority except where the Contractor has agreed to indemnify the Authority.

31 PATENT INDEMNITY

Except as otherwise provided, and except to the extent infringement was caused by the Authority, the Contractor agrees to indemnify the Authority and its officers, agents, and employees against liability, including costs and expenses, for infringement upon any Letters Patent of the United States arising out of the performance of this contract.

32 CHANGES

- A. The Contracting Officer may at any time, by written order, and without notice to the sureties, if any, make changes within the general scope of this contract in any one or more of the following:
1. Description of services to be performed;
 2. Time of performance (i.e., hours of the day, days of the week, etc.); or
 3. Place of performance of the services.
- B. If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, the Contracting Officer shall make an equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.
- C. The Contractor must submit any "proposal for adjustment" (hereafter referred to as proposal) under this clause within 30 days from the date of receipt of the written order. If however, the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.

- D. If the Contractor's proposal includes the cost of property made obsolete or excess by the change, the Contracting Officer shall have the right to prescribe the manner of the disposition of the property.
- E. Failure to agree to any adjustment shall be a dispute under the Disputes clause. Nothing in this clause however, shall excuse the Contractor from proceeding with the contract as changed.

33 INSPECTION OF SERVICES

- A. Definitions. "**Services,**" as used in this clause, includes services performed, workmanship, and material furnished or utilized in the performance of services.
- B. The Contractor shall provide and maintain an inspection system acceptable to the Authority covering the services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Authority during contract performance and for as long afterwards as the contract requires.
- C. The Authority has the right to inspect and test all services called for by the contract, to the extent practicable at all times and places during the term of the contract. The Authority shall perform inspections and tests in a manner that will not unduly delay the work.
- D. If any of the services do not conform with contract requirements, the Authority may require the Contractor to perform the services again in conformity with contract requirements at no increase in contract amount. When the defects in services cannot be corrected by reperformance, the Authority may (1) require the Contractor to take necessary action to ensure that future performance conforms to contract requirements and (2) reduce the contract price to reflect the reduced value of the services performed.
- E. If the Contractor fails to promptly perform the services again or to take the necessary action to ensure future performance in conformity with contract requirements, the Authority may (1) by contract or otherwise, perform the services and charge to the Contractor any cost incurred by the Authority that is directly related to the performance of such service or (2) terminate the contract for default.

34 WARRANTY OF SERVICES

- A. Definitions. "**Acceptance,**" as used in this clause, means the act of an authorized representative of the Authority by which the Authority assumes for itself, or as an agent of another, ownership of existing and identified supplies, or approves specific services, as partial or complete performance of the contract.

"**Correction,**" as used in this clause, means the elimination of a defect.

- B. Notwithstanding inspection and acceptance by the Authority or any provision concerning the conclusiveness thereof, the contractor warrants that all services performed under this contract will, at the time of acceptance, be free from defects in workmanship and conform to the requirements of this contract. The Contracting Officer shall give written notice of any defect or nonconformance to the Contractor within 30 days from the date of acceptance by the Authority. This notice shall state either (1) that the Contractor shall correct or reperform any defective or nonconforming services, or (2) that the Authority does not require correction or reperformance.
- C. If the Contractor is required to correct or reperform, it shall be at no cost to the Authority, and any services corrected or reperformed by the Contractor shall be subject to this clause to the same extent as work initially performed. If the Contractor fails or refuses to correct or reperform, the Contracting

Officer may, by contract or otherwise, correct or replace with similar services and charge to the Contractor the cost occasioned to the Authority thereby, or make an equitable adjustment in the contract price.

- D. If the Authority does not require correction or reperformance, the Contracting Officer shall make an equitable adjustment in the contract price.

35 RESERVED

36 RESERVED

37 TIMELINESS OF PERFORMANCE

- A. Timely performance of the services is required, and Contractor must provide the services within the time limits set by the Authority. Contractor will be excused from timely performance only to the extent that the failure to perform arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of these causes are (1) acts of God or of the public enemy, (2) acts of the Authority in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance, the failure to perform must be beyond the control and without the fault or negligence of the Contractor. "Default" includes failure to make progress in the work so as to endanger performance.
- B. Upon request of the Contractor, the Contracting Officer shall ascertain the facts and extent of the failure. If the Contracting Officer determines that any failure to perform results from one or more of the causes above, the delivery schedule shall be revised, subject to the rights of the Authority under the termination clause of this contract.

38 ORDER OF PRECEDENCE

Any inconsistency in this solicitation or contract shall be resolved by giving precedence in the following order:

- A. Price Schedule (excluding the specifications);
B. Representations and Certifications
C. Solicitation Provisions;
D. Special Provisions;
E. Contract Provisions;
F. Other documents, exhibits, and attachments;
G. The specifications/Statement of Work; and
H. The drawings, if applicable.

39 MODIFICATION PROPOSALS - PRICE BREAKDOWN

The Contractor, in connection with any proposal it makes for a contract modification, shall furnish a price breakdown, itemized as required by the Contracting Officer. Unless otherwise directed, the breakdown shall be in sufficient detail to permit an analysis of all material, labor, equipment, subcontract, and overhead costs, as well as profit, and shall cover all work involved in the modification, whether such work was deleted, added or changed. Any amount claimed for subcontracts shall be supported by a similar price breakdown. In addition, if the proposal includes a time extension, a justification therefore shall also be furnished. The proposal, together with the price breakdown and time extension justification, shall be furnished by the date specified by the Contracting Officer.

40 CLAIMS FOR ADDITIONAL COSTS

If the Contractor wishes to make a claim for an increase in the contract sum, it shall give the Authority written notice of the intent to do so within twenty (20) calendar days following the occurrence of the event giving rise to the claim. This notice shall be given by the Contractor prior to proceeding to execute the work, except in an emergency endangering life or property. No such claim shall be valid unless so made. Any change in the contract sum resulting from such claim shall be authorized by contract modification.

41 TAXES

The Contractor is responsible for all applicable Federal, state, and local taxes of all kinds on materials, labor, or services furnished by it or arising out of its operations under the contract. Such taxes shall include, without limitation, sales, use, excise, employee benefit and unemployment taxes, customs duties, and income taxes.

42 PAYMENTS

- A. The Authority shall pay the Contractor the contract price as provided in this contract.
- B. The Authority strongly recommends that contractors participate in a program whereby payments under this contract are made via electronic funds transfer into the contractor's bank. Contractor requests to initiate such service shall include the bank name, address, account number, contact person, telephone number, and American Bankers Association (ABA) 9-digit identifying number. The initial request and any subsequent changes must be signed by the contractor's signatory of the contract and shall be submitted directly to the Authority's Finance Office (MA-22B).
- C. The Authority shall make payments for all accepted work performed under this Contract within thirty (30) days of its receipt of a proper and complete Contractor's invoice. Unless otherwise directed by the Contracting Officer, Contractor shall submit a single invoice which identifies all work performed by the contractor on a monthly basis. The Contractor shall furnish to the Authority the Invoice Attachment Form (See Exhibit J) which will be included with each invoice submission. This Form shall provide information on all subcontractors, each subcontractor's scope of services, and the subcontract dollar amount for those services. Any Contractor invoice shall follow a format and contain the information identified by the Contracting Officer. Failure to include required Exhibit J Attachment may delay payment of the invoice.
- D. The Contractor promises that it will pay its subcontractors within 10 days following receipt of payment from the Authority.
- E. Contractor Submission Of W-9 Required Prior to Contract Award

As a prerequisite for contract award, the contractor shall complete all parts of the Internal Revenue Service ("IRS") Form W-9 (Request for Taxpayer Identification Number and Certification). Contract award will not be made until the completed W-9 has been received by the Authority. The W-9 form and instructions are available to contractors by accessing the IRS website at www.irs.gov and inserting the form number "W-9".

The W-9 information is requested so that we may determine the need to file IRS Form 1099 in connection with payments made by the Authority to the contractor. To assure accurate maintenance of your firm's status, the submission of the W-9 is required for each contract or purchase order executed by and between the Authority and its contractors. If the term of the contract exceeds one year, the Authority may request periodic resubmission of the W-9. If the contractor fails to submit the form by the

deadline stated in the resubmission request, the Authority may refuse to pay invoices until the form has been submitted.

43 PUBLICITY RELEASES

Publicity releases in connection with this contract will not be made by the contractor unless prior written approval is obtained from the Manager, Procurement and Contracts Department.

44 OPTION TO EXTEND THE TERM OF THE CONTRACT

The Authority may extend the term of this contract by written notice to the Contractor within 30 days of contract expiration. The Authority will give the Contractor a preliminary notice of its intent to extend at least 60 days prior to contract expiration. This preliminary notice shall not commit the Authority to an extension. If the Authority exercises an option, the extended contract shall be considered to include this option provision. The extended contract shall be at the rates specified in the Price Schedule. The total duration of this contract, including the exercise of any options under this provision, shall not exceed five (5) years.

45 OPTION TO EXTEND SERVICES

The Authority may require continued performance of any services within the limits and at the rates specified in the Price Schedule. This option provision may be exercised more than once, but the total extension hereunder shall not exceed six (6) months. The Contracting Officer may exercise the option by written notice to the Contractor within thirty (30) days of contract expiration.

46 AUDIT AND INSPECTION OF RECORDS

The Contractor shall maintain records and the Contracting Officer shall, until the expiration of five years after final payment under this Contract have access to and the right to examine any pertinent books, documents, papers and records of the Contractor involving the formation of the contract, transactions related to the Contract, and information technology system records for the purpose of inspection, making audit, examination, excerpts and transcriptions. Please note that the elements listed in each of these paragraphs are not considered subcriteria and will be evaluated collectively, not individually. No other rating or qualitative value will be assigned. **To be determined technically acceptable, all factors must be acceptable to obtain an acceptable rating for the technical proposal.**

The Authority may contact some or all of the references and evaluate their responses.

1. Provide an overview of the firm's relevant experience and past performance to meet the requirements outlined in the Statement of Work.
