

PREFACE TO METROPOLITAN WASHINGTON AIRPORTS AUTHORITY REGULATIONS

The Metropolitan Washington Airports Authority (“the Authority”) is empowered by its enabling legislation to adopt rules and regulations governing the use, maintenance and operation of its facilities and the conduct of persons and organizations using them. Regulations adopted by the Authority governing aircraft operations and maintenance, motor vehicle traffic, and access to Authority facilities have the full force and effect of law, as do any other Authority Regulations which the Authority determines to be necessary in the public interest.

Unless otherwise noted, all Regulations adopted by the Authority have been adopted with the full force and effect of law. Courts of the Commonwealth of Virginia have jurisdiction over criminal and civil actions arising at the Airports. Jurisdiction over Reagan National Airport is in the Arlington County court; jurisdiction over Dulles is in either Loudon or Fairfax County courts.

The Board of Directors of the Authority may adopt additions to, amend and/or repeal, as necessary, portions of the Regulations, from time to time. Prior to the amendment of the Regulations, proposed changes are made available for public inspection on the Authority’s website and through publication in local newspapers through a “Public Notice” for at least ten days. Following the publication of such Public Notice(s) on the Authority’s website and in certain newspapers of general circulation in the Metropolitan Washington, D. C. area, the Authority holds Public Hearings, on a day and time specified in the Public Notice, to allow interested members of the public to appear and offer oral comments for or against the adoption of such Regulations, or amendments or modifications to the Regulations. Members of the public are also afforded the opportunity to provide written comments on the Regulations and/or proposed amendments or modifications by a deadline set forth in the Public Notice. Following the holding of the Public Hearings, the review of any written materials submitted in response to the Regulations, including proposed amendments and, or modifications, Authority staff make recommendations to the Board of Directors concerning the content of the Regulations. The Board then adopts, amends and/or repeals the Regulations.

The Authority maintains a regular police force and has primary jurisdiction over the Airports. In addition, local law enforcement agencies have concurrent jurisdiction on the airport property that is within their political subdivision(s). State and local law enforcement agencies have primary jurisdiction over the Dulles Toll Road, Route 28 and Route 606, including where these roads are on Airport property.

PART 2 – LABOR CODE

§ 2.1. Declaration of Policy.

- (1) The Board of Directors of the Authority is mandated by the Lease agreement between the Board and the United States of America to continue the collective bargaining rights of Authority employees to the extent that such rights were enjoyed before the transfer of National and Dulles to the Authority. Therefore, the Authority is providing procedures for Authority employees to organize and bargain collectively through representatives of their own choosing so that they may meaningfully participate in the impact and implementation of personnel policies affecting the conditions of their employment, and to provide procedures for resolving collective bargaining impasses.
- (2) The Board, therefore, declares that it is the policy of the Authority to promote harmonious and cooperative relations between the Authority and its employees and to serve and protect the public by assuring the effective and orderly operation of the Airports. These policies are best effectuated by
 - (a) recognizing the right of Authority employees to organize for the purpose of collective bargaining regarding the conditions of their employment,
 - (b) providing a means by which employees may select, should they choose to do so, representatives for purposes of collective bargaining,
 - (c) negotiating and entering into written agreements with exclusive representatives on conditions of employment consistent with the law and the Authority’s other legal obligations, and
 - (d) establishing a method for dealing with disputes.
- (3) The Board has determined that the Labor Code serves the public interest in promoting labor stability and avoiding potentially disruptive labor disputes. It is further determined that it is necessary and appropriate and in the public interest that this Regulation have the force and effect of law.

(Res. No. 94-4, 1-5-94; Res. No. 99-12, 10-6-99)

§ 2.3. Employee Rights.

- (1) Each employee shall have the right to form, join, or assist any labor organization, or to refrain from any such activity, freely and without fear of penalty or reprisal, and each employee shall be protected in the exercise of such right. - (2) Notwithstanding any other provision in this Part, an individual employee may present a grievance at any time to the Authority without the intervention of a labor organization, provided that the exclusive representative is afforded an effective opportunity to be present and to offer its view at any meetings held to adjust the grievance and that any adjustment made shall not be inconsistent with the terms of any applicable collective bargaining agreement. Such employee or employees who utilize this avenue of presenting personal complaints to the employer shall not do so under the name, or by representation, of a labor organization.

(Res. No. 94-4, 1-5-94)

§ 2.4. Employee Relations Council.

There is hereby created the Metropolitan Washington Airports Authority Employee Relations Council, which shall consist of three Panels of three persons each, who shall be named for two year terms by the mutual agreement of the President and labor

- (1) The participation of labor organizations in the selection of Council members by the President shall be as follows:
 - (a) The President's selection of the number of individuals equal to the number of vacancies on the Council shall be subject to the agreement of labor organization representatives.
 - (b) If the President and labor organization representatives are not able to agree on the same individuals, the individuals shall be selected from the entire list of names submitted by the American Arbitration Association and the Federal Mediation and Conciliation Service, by a process in which the President and labor representatives (here defined collectively) alternately strike candidates until the number of candidates corresponds to the number of vacancies on the Council. The assignment of the first "strike" to the President or to the labor organization representatives (collectively) shall be determined by the toss of a coin; if the various labor representatives are not able to agree upon their collective strikes, they shall alternate among themselves in exercising the strikes allowed to labor collectively.
- (2) In case of dissolution of the American Arbitration Association and the Federal Mediation and Conciliation Service, a successor agency or agencies shall be selected by the Board of Directors after receipt of recommendations mutually agreed upon by the President and labor organization representatives. Members of the Employee Relations Council shall be compensated at a rate to be determined by contract between the members and the Authority.
- (3) Members are eligible for reappointment and may serve concurrently on more than one Panel. Separate Panels shall be established to be responsible, respectively, for performing those powers and duties specifically provided for in this Part with respect to
 - (a) representation matters (Sections 2.5, 2.6, and 2.7),

§ 2.5. Selection of Exclusive Representatives.

Except for the recognition of existing exclusive representatives, as defined in Section 2.2, the Authority may not recognize, without an election, a labor organization as the exclusive representative for purposes of collective bargaining.

Where, in accordance with such procedural regulations as may be prescribed by the Representation Matters Panel, a petition has been filed:

- (1) by a labor organization, or in the case of decertification by an employee or group of employees, supported by evidence, including an alphabetized list of names, that at least 30% of employees in an appropriate unit:
 - (a) wish to be represented for collective bargaining by an exclusive representative or
 - (b) assert that the certified labor organization is no longer the representative of the majority of the employees in the unit; or
- (2) by the Authority:
 - (a) alleging that one or more labor organizations claims to represent a majority of employees and seeks to become the exclusive representative in an appropriate unit or
 - (b) asserting that the certified labor organization is no longer the representative of the majority of the employees in the unit.

The Representation Matters Panel shall investigate such petition, and if it has reasonable cause to believe that a question of representation exists, it shall provide for an appropriate hearing upon due notice. If the Representation Matters Panel finds upon the record of such hearing that such a question of representation exists, it shall direct an election by secret ballot and shall certify the results thereof. Any labor organization shall be allowed to intervene upon the filing of a petition with the Authority supported by evidence of at least 10% representation in said unit. If such intervenor contends that the unit is inappropriate, it must present a 30% showing of interest with respect to the unit it alleges is appropriate.

(Res. No. 94-4, 1-5-94)

§ 2.6. Appropriate Unit.

- (1) In order to assure employees the fullest freedom in exercising the rights guaranteed by this Part consistent with the joint responsibilities of both the Authority and the employees to serve the public, the Representation Matters Panel shall determine an appropriate unit for the purposes of collective bargaining in each case where certification is sought.

- (2) In determining an appropriate unit, the Representation Matters Panel shall take into consideration, but shall not be limited to, the following:
 - (a) community of interest,
 - (b) the history of the collective bargaining,
 - (c) the desires of the employees,
 - (d) the effectiveness and efficiency of labor management relations affected by the unit,
 - (e) the effects of over fragmentation, and
 - (f) the effects on the efficiency of Authority operations.
- (3) The Representation Matters Panel shall not decide that any unit is appropriate if:
 - (a) such unit includes supervisors or
 - (b) such unit includes both professional and nonprofessional employees unless a majority of such professional employees vote for inclusion therein.
- (4) This Section shall not be deemed to preclude multi-unit bargaining.

(Res. No. 94-4, 1-5-94)

§ 2.7. Elections.

- (1) Representation elections shall be conducted by an impartial agency selected by the mutual agreement of the parties. The entity conducting the election shall be subject to the provisions of this Part, such procedural rules and regulations as may be established by the Representation Matters Panel, and the terms and conditions of such election agreement as may be reached by the parties. Except as otherwise provided, such entity shall resolve all legal issues or controversies relating to the conduct of the election.
- (2) Representation elections conducted pursuant to this Section shall be by secret ballot and shall be subject to the following:
 - (a) All interested persons shall be given not less than 10 days notice of the time and place of the election.
 - (b) The ballots in all representation elections shall include a choice of “no representative.”

- (c) A representative may not be certified unless it receives a majority of the valid ballots cast.
 - (d) In an election where none of the choices on the ballot receives a majority, a runoff election shall be conducted in which the ballot shall provide for a selection between the two choices or parties receiving the highest and second highest number of ballots cast in said election.
- (3) The Representation Matters Panel shall certify the results of said election within five working days after the final tally of votes if no objection to the election is filed by any person alleging that there has been conduct which has affected the outcome of the election within the meaning of such procedural rules and regulations as the Representation Matters Panel shall issue. If the Representation Matters Panel has reason to believe that such allegations are valid, it shall set a time for hearing on the matter after due notice, such hearing to be conducted within two weeks of the date of receipt of such charge. If the Representation Matters Panel determines that the outcome of the election was affected, even if by third party interference, it shall require corrective action and order a new election. If the Representation Matters Panel determines that the conduct alleged did not affect the outcome of the election, it shall immediately certify the election results.
- (4) No election shall be conducted pursuant to this Section in any appropriate bargaining unit within which in the preceding 12-month period an election shall have been held nor during the term of any lawful collective bargaining agreement between the employer and a labor organization, except that this restriction shall not apply to that period of time covered by any collective bargaining agreement which exceeds three years. For the purposes of this Section, extensions of agreements shall not affect the expiration date of the original agreement. Where a valid collective bargaining agreement is in existence, a petition for election may be filed not more than 105 days and not less than 60 days before the expiration of the collective bargaining agreement.
- (5) Decisions of the Panel on Representation Matters shall not be subject to court review, except with respect to unit determinations that are alleged to be contrary to law.

(Res. No. 94-4, 1-5-94)

§ 2.8. Rights Accompanying Exclusive Recognition.

- (1) The labor organization which has been certified by the Representation Matters Panel shall be the exclusive representative of all employees in the unit and as such shall have the right to act for and negotiate agreements hereunder covering all employees in the unit and shall be responsible for representing the interest of all such employees without discrimination and without regard to membership in the labor organization.

- (2) When the collective bargaining agreement provides for a grievance procedure, only that procedure shall be applicable to an employee in the unit for a grievance regarding the employee's rights under the agreement.
- (3) Where a labor organization has been recognized as the exclusive representative of the employees in a unit, it shall be the only labor organization eligible to receive from the Authority amounts deducted from the pay of employees as authorized by written assignment of the employees, for the payment of regular and periodic dues to the exclusive representative, provided that any such authorization shall not be irrevocable for a period of more than one year or beyond the termination date of the applicable collective bargaining agreement, whichever occurs sooner.

(Res. No. 94-4, 1-5-94)

§ 2.9. Negotiations.

- (1) The Authority and the exclusive representative shall meet at reasonable times, and shall negotiate in good faith with respect to conditions of employment which are subject to negotiation under this Part and which are to be embodied in a written agreement, or any question arising thereunder, but such obligation shall not compel either the Authority or the exclusive representative to agree to a proposal or require the making of a concession. The President, or his designated authorized representative (s), shall represent the Authority in collective bargaining, except as otherwise provided herein.
- (2) The Authority shall not be obligated to negotiate with respect to those Airport matters which must necessarily be uniform for all employees unless a labor organization or group of labor organizations represent more than 50 percent of all employees, within the meaning of this Part, subject to such uniform rules. However, the foregoing shall not:
 - (a) prevent the Authority from meeting with any other labor organization for the purpose of hearing the views and requests of its members on such matters, provided that the organization or council or group designated as representing more than 50 percent of such employees is informed in advance of the meeting, and any changes in the terms of such Airports-wide matters are effected only through it or
 - (b) be construed to deny to the Authority or an exclusive representative the right to bargain for a variation of a particular application of any Airport policy or variation of an agreement reached pursuant to these provisions, where considerations are special and unique to the class of employees or unit involved. Disputes over the identification of matters "which must necessarily be uniform" may be resolved pursuant to the procedures provided in Section 2.10.

- (3) Any agreement reached by the negotiators shall be reduced to writing and shall be executed by both parties. Such agreement shall be valid and enforced under its terms when entered into, in accordance with the provisions of this Part.
- (4) At least two representatives of the exclusive representative shall be given reasonable time off without loss of compensation during normal working hours to participate in collective bargaining, subject to such terms as an agreement between the parties may provide.

(Res. No. 94-4, 1-5-94; Res. No. 99-12, 10-6-99)

§ 2.10. Negotiability Disputes.

- (1) General. A negotiability dispute shall exist when a labor organization and the Authority disagree on whether this Part, the collective bargaining agreement, applicable regulations or law, as the case may be, requires or prohibits bargaining with respect to a specified matter. For the purposes of this Section, a negotiability dispute shall not refer:
 - (a) to the situation where a party refuses to bargain as a matter of choice and not as the result of a purported legal or contractual prohibition or
 - (b) to the situation where the parties are unable to agree upon the terms of a collective bargaining agreement, insofar as the issue in dispute is not “what is negotiable.”
- (2) Interpretation of Existing Agreements. A dispute over the interpretation of a controlling agreement in existence shall be resolved under the grievance procedure of the controlling agreement. Disputes over what is subject to a grievance procedure and what is arbitrable under such procedure shall not be resolved as a negotiability dispute under the procedures set forth in this Section.
- (3) Procedure.
 - (a) The services of the Unfair Labor Practices Panel shall be invoked for negotiability disputes in the manner prescribed in Section 2.13, provided however, that the parties submit a sworn statement verifying that tentative agreement has been reached on all items of negotiations except those presented to the Unfair Labor Practices Panel, or, if this is not the case, a statement indicating why agreement has not been reached on such other matters and why the Unfair Labor Practices Panel nevertheless should assert jurisdiction.
 - (b) The Impasse Panel, while dealing with a negotiation impasse, may invoke the provisions of this Section, pursuant to Section 2.11(1)(b), without the consent of the parties.

- (c) The parties, upon request of the Unfair Labor Practices Panel, or in petitioning that Panel to settle the dispute, shall stipulate the precise issue to be resolved. Each party shall file within 10 business days after the submission of such stipulation, a brief supporting its position along with proof of service of a copy of such brief to all parties.
 - (d) If the parties cannot agree on a stipulation after reasonable attempts to do so, each shall file a written statement as to what it believes the issue to be, why agreement could not be reached on phrasing of the issue, what attempts were made to reach a stipulation and a brief in support of its position on the issue in dispute.
- (4) Powers of the Panel. The Unfair Labor Practices Panel, at its discretion, may:
- (a) request the parties to file reply briefs;
 - (b) refuse to entertain the matter, or a part thereof, and return the dispute to the parties;
 - (c) rephrase the issue and request the parties to submit additional briefs;
 - (d) call upon mediation or fact finding to be used by the parties prior to the Unfair Labor Practices Panel's acceptance of the case;
 - (e) compel the parties to continue bargaining while the Unfair Labor Practices Panel is trying to resolve the issue; or
 - (f) render a decision on the issue, in whole or in part.
- (5) Panel Procedures Upon Acceptance of the Issue.
- (a) The Unfair Labor Practices Panel may decide the issue on the record or, after having notified the parties of its phrasing of the issue to be resolved, may hear oral argument. Before, during, or after formal proceedings, the Unfair Labor Practices Panel may request evidence or additional briefs on specified items.
 - (b) The Unfair Labor Practices Panel may invite as participants experts, witnesses, and others who may have an interest, direct or indirect, in the disputed issue or whose participation may assist the Unfair Labor Practices Panel in reaching a determination. The Unfair Labor Practices Panel may also grant requests for the appearance of witnesses and the production of documents or records. The Unfair Labor Practices Panel may also take or cause to be taken depositions. Failure to comply with such requests shall be subject to the Unfair Labor Practices Panel sanctions applicable to unfair labor practices.

- (c) An issue once submitted to the Unfair Labor Practices Panel may be withdrawn only upon consent of the Unfair Labor Practices Panel and subject to whatever conditions the Unfair Labor Practices Panel may prescribe.
- (6) The Panel's Decision.
- (a) The Unfair Labor Practices Panel may issue a statement, accompanied by reasons therefor, indicating whether the item in dispute is negotiable. The statement may be accompanied also, when the Unfair Labor Practices Panel deems necessary, by an order directing the parties to take or pursue the actions specified in the order. The Unfair Labor Practices Panel by means of such order may compel the parties to bargain on such matter. The Unfair Labor Practices Panel may also determine, subject to the procedures set forth in Section 2.13, that an unfair labor practice has been committed and may also provide remedies therefor.
 - (b) To minimize the potential recurrence of similar disputes, the Unfair Labor Practices Panel shall publish periodically such decisions and shall distribute copies to the employer and to all labor organizations that have obtained exclusive recognition.

(Res. No. 94-4, 1-5-94)

§ 2.11. Procedures Pertaining to Collective Bargaining Impasses.

- (1) General.
- (a) "Impasse" means the failure of the Authority and the exclusive representative to reach a collective bargaining agreement despite good faith efforts to do so. However, the Impasse Panel shall be empowered to provide such dispute resolution services as deemed needed either by the parties or as found by the Impasse Panel to be essential to the public interest and welfare, even if impasse has not been reached.
 - (b) An Impasse Panel member shall have power to mediate, hold hearings, compel the attendance of witnesses and the production of documents, review data, make public any recommendations or findings after notice to the parties and take whatever action he considers necessary to resolve the impasse, provided that such action does not impose a final and binding settlement on the parties except as mutually authorized by the parties. In such cases, the decision of the Impasse Panel member shall be submitted to the Impasse Panel for approval. Unless the parties otherwise provide, a single Impasse Panel member rather than multiple members shall provide the services herein described, provided further that a member acting as a mediator shall not act as a fact finder or arbitrator in the same matter without the consent of the parties.

(c) Confidential information disclosed by the parties to a mediator in the performance of his mediation functions shall not be released except pursuant to a court order. All files, records, reports, documents, or other papers received or prepared by a mediator while serving in such capacity shall be classified as confidential. The mediator shall not produce any confidential records of, or testify in regard to, any mediation conducted by him on behalf of any party to any case pending in any type of proceeding. A party shall have the right to bar an Impasse Panel member who becomes privy to confidential information about that party gained through mediation techniques, from serving in any fact finding or arbitration role relevant to that dispute.

(2) Action by the Parties.

(a) The Authority shall have the power to enter into a written agreement with the exclusive representative setting forth an impasse procedure to resolve disputes over the terms or conditions of an initial or renewed collective bargaining agreement. The parties are not precluded from using third party neutrals.

(b) The Authority, by collective bargaining agreement or by written memorandum, may at any time agree to submit any or all of the issues in dispute to final and binding arbitration.

(3) Procedures

(a) At least 30 days prior to the expiration date of any collective bargaining agreement or when 90 days have passed after the commencement of negotiations of an initial agreement, the parties shall notify the Impasse Panel of the status of negotiations. The Impasse Panel may on its own motion invoke mediation, except if the parties have provided otherwise pursuant to Section 2.11(2)(a).

(b) The Impasse Panel, except as otherwise provided by mutual agreement of the parties, may return the parties to collective bargaining for any or all items in dispute or may refer such items as deemed necessary to the procedure outlined in Section 2.10(3) with respect to deciding the negotiability of a matter within the meaning of this Part, and other applicable law.

(c) Nothing shall preclude a third party neutral from returning to mediation even after the institution of fact finding or arbitration, or from utilizing such mediation techniques as may be appropriate while engaged in fact finding or arbitration.

(d) The Impasse Panel may not make recommendations or findings upon any matter which requires implementation by a body, agency, or official which is not a party to the negotiations and which has not agreed to be a party to such impasse resolution.

- (4) Costs. The costs for mediation shall be borne by the Authority. All other costs shall be borne equally by the parties involved in the dispute, except in the unusual event that the Impasse Panel shall find pursuant to such procedural rules as it shall issue, that the impasse has been caused or prolonged by flagrant conduct of one of the parties, in which case that party shall bear the costs.

(Res. No. 94-4, 1-5-94)

§ 2.12. Unfair Labor Practices.

- (1) The Authority, its agents, or representatives are prohibited from:
- (a) interfering with, restraining, or coercing employees in the exercise of the rights guaranteed by this Part;
 - (b) dominating, interfering, or assisting in the formation, existence, or administration of any labor organization, or contributing financial or other support to it, except that the Authority shall not be prohibited from permitting employees to negotiate or confer with it during working hours without loss of time or pay;
 - (c) discriminating in regard to hire or tenure of employment or any term or condition of employment to encourage or discourage membership in any labor organization;
 - (d) discharging or otherwise discriminating against an employee because he has signed or filed an affidavit, petition, or complaint or given any information or testimony under this Part;
 - (e) refusing to bargain collectively in good faith with the exclusive representative as required in Section 2.9;
 - (f) refusing to participate in good faith in the mediation, fact finding, or arbitration procedures set forth in Section 2.11; or
 - (g) refusing or failing to comply with any provision of this Part or any of the procedural regulations established by the Council or its component Panels.
- (2) Labor organizations, their agents, or representatives are prohibited from:
- (a) interfering with, restraining, or coercing employees in the exercise of the rights guaranteed by this Part;
 - (b) causing or attempting to cause the Authority to discriminate against an employee in violation of Section 2.13;

- (c) refusing to bargain collectively in good faith with the Authority if they have been designated in accordance with the provisions of this Part as the exclusive representative of employees in an appropriate unit;
 - (d) refusing to participate in good faith in the mediation, fact finding, or arbitration procedures set forth in Section 2.11;
 - (e) refusing or failing to comply with any provision of this Part or any of the procedural rules and regulations established by the Council or its component Panels;
 - (f) calling, instituting, maintaining, participating in, or conducting a strike or boycott against the Authority; or
 - (g) engaging in, or inducing or encouraging any individual employed by any person to engage in, a strike or refusal to handle goods or perform services; or threatening, coercing, or restraining any person where an object thereof is to force or require the Authority to cease doing business with any other person or to force or to require the Authority to recognize for recognition purposes a labor organization not certified by the Panel.
- (3) The expressing of any views, arguments, or opinions, or the dissemination thereof, whether in written, printed, graphic, or visual form, shall not constitute or be evidence of an unfair labor practice under any of the provisions of this Part, if such expression contains no threat of reprisal or force or promise of benefit, or misrepresentation of fact.

(Res. No. 94-4, 1-5-94)

§ 2.13. Procedure Concerning Unfair Labor Practices.

- (1) Any allegations that a person has engaged in an unfair labor practice shall be submitted to the Unfair Labor Practices Panel, subject to such procedural rules and regulations as the Unfair Labor Practices Panel may issue. The Unfair Labor Practices Panel's power in this regard shall be exclusive and shall not be diminished by any other means of adjustment or prevention that may have been or may be established by agreement, law, or otherwise, except as the rules and regulations of the Unfair Labor Practices Panel otherwise provide. The Unfair Labor Practices Panel's rules and regulations shall provide that compliance with the technical rules of evidence shall not be required.
- (2) If upon the preponderance of the testimony taken, the Unfair Labor Practices Panel shall be of the opinion that any person named in the complaint has engaged in or is engaging in an unfair labor practice, then the Unfair Labor Practices Panel shall state its findings of fact and shall issue and cause to be served on such person an order requiring that he cease and desist from such unfair labor practices and take such

affirmative action, including reinstatement with or without back pay, as will effectuate the policies of this Part. Such order may further require such person to make reports from time to time showing the extent to which he has complied with the order. The Unfair Labor Practices Panel's remedial powers shall not be limited to the effects of the immediate case and may be designed to prevent future unfair labor practices, notwithstanding the penal nature of such requirement.

- (3) If the preponderance of evidence has not shown that the person named in the complaint has engaged in or is engaging in any such unfair labor practice, then the Unfair Labor Practices Panel shall state its findings of facts and shall issue an order dismissing the said complaint.
- (4) Findings of the Unfair Labor Practices Panel shall be conclusive and binding upon the parties unless a petition for relief, in whole or in part, from the Unfair Labor Practices Panel's order is filed properly with the Clerk of the Virginia Circuit Court for the appropriate County within 30 days after the issuance of such order and unless there is a final decision by said Court or any reviewing court that the Unfair Labor Practices Panel's decision or order was not supported by substantial evidence or was contrary to law. No objection that has not been urged before the Unfair Labor Practices Panel or any of its agents shall be raised unless the failure or neglect was due to extraordinary circumstances.
- (5) The complaining party shall have the power to petition the Courts of the Commonwealth of Virginia for enforcement of the Unfair Labor Practices Panel's order. However, such petition shall not reopen the propriety of the Unfair Labor Practices Panel's decision and order if appeal for judicial review was not timely filed.

(Res. No. 94-4, 1-5-94)

§ 2.14. Financial Reports to Employees.

Each labor organization, which has members who are employees within the meaning of this Part, shall keep an adequate record of its financial transactions, including all payments and receipts, and shall, within 60 days after the end of its fiscal year, make available annually to such employees a detailed written financial report thereof in the form of a balance sheet and an operating statement, certified as to accuracy by a certified public accountant. The records of each labor organization shall be made available upon request for examination by any member of said organization during the Authority's regular business hours. In the event of failure of compliance with this Section, any employee within the organization may petition the Unfair Labor Practices Panel for an order compelling such compliance. An order of the Unfair Labor Practices Panel on such petition shall be enforceable in the same manner as other orders of the Unfair Labor Practices Panel under this Part.

(Res. No. 94-4, 1-5-94)

Any such individual holding a position in the Authority on the date his conviction becomes final shall be removed from such employment.

These administrative fines are not intended to be punitive in nature or purpose, but rather to compensate the Authority for a portion of the cost it incurs in the enforcement of permits issued under this Part 5.
