

Accessibility Compliance Form For Alterations to Existing Structures

This form is to be completed by the project designer and an original document included with each set of plans submitted for permit to the MWAA Building Department, Ronald Reagan National Airport (703) 417-8156

Project Information:

Project Name: _____ Plans Dated: _____

Location: _____ DCA _____ IAD _____

Level of compliance (choose item(s) which apply):

- The accessible route, including the restrooms and drinking fountains, is in full compliance with the accessibility requirements of the Virginia Construction Code (VCC).

- The cost of providing a fully compliant accessible route exceeds 20% of the cost of the proposed alterations, including mechanical, electrical and plumbing costs. The following items on the accessible route will be upgraded up to the 20% limit.

- The renovation is exempt from the accessibility requirements for the following reason:
 - The alteration is limited to windows, hardware, operating controls, electrical outlets and signs.
 - The alteration is limited to mechanical systems, electrical systems and fire protection systems.
 - The alteration is solely for the purpose of increasing accessibility.
 - The alteration does not involve an area of primary function.
