at Washington Dulles International Airport

July 15, 2019

Questions and Answers

Notice: Questions may have been edited for clarity and relevance.

1. Question: On the drawings it shows the installation of Fencing to be 5/8” 11 gauge, however, the specifications call for a ¾” 9 gauge. Please advise.
   
   Answer: The detail on the drawing governs – 5/8”, 11 gauge, black vinyl coated fabric shall be used for the fencing.

2. Question: For the temporary fencing, is the fencing to be “in ground” or just on ground panels?
   
   Answer: Temporary fencing can be the on ground type as long as it is properly braced.
